BAKED FOODS

general instructions for baking

Any baking operation which is performed in a range oven can be duplicated in the Roaster-Oven using approximately the same temperature setting.

The Roaster-Oven should be preheated for most baking operations. Set the True-Temp Control and wait until the signal light goes out before placing cakes, pies or yeast breads in the Roaster.

All foods should be baked on the Lift-Out Rack and pans should be placed about ⅛ inch from the side of the Roaster-Oven to insure circulation and even browning. Pans should not touch each other.

When baking layer cakes or pies, it is possible to use two 8-inch pans placed side by side on the lift-out rack.

Many moist breads and bread-like puddings will bake very satisfactorily with Roaster-Oven meals. For example, try your own favorite Brown Bread recipe, baking it in a small heatproof dish, along with dishes of Baked Beans and Tomatoes Bohème.

BREADS

Baking Powder Biscuits

2 cups all-purpose flour, sifted before measuring
4 teaspoons baking powder
1 teaspoon salt
4 tablespoons shortening
¾ cup milk

Sift flour, baking powder and salt together. Cut in shortening with pastry blender or fork until mixture has the appearance of coarse corn meal. Add milk, working only enough to combine ingredients. Turn out on floured board; knead until smooth. Pat or roll out ⅛ inch thick and cut, using biscuit cutter. Place on slightly greased baking sheet 10 x 14 inches. Preheat Roaster-Oven to 450° and place baking sheet on rack. Bake 10 to 12 minutes. Makes approximately 16 to 18 biscuits.

Corn Bread

1 cup all-purpose flour
¾ cup corn meal
½ cup sugar
⅔ teaspoon salt
3 teaspoons baking powder
1 cup sweet milk
1 egg
2 tablespoons melted shortening

Sift flour once, measure, then sift again with corn meal, sugar, salt and baking powder. Gradually add milk, beaten egg and shortening, which has been melted. Pour into hot, greased pan. Bake in preheated 425° Roaster 25 to 30 minutes. Serves 5 to 6.

Honey Bran Muffins

2 cups all-purpose flour (sifted before measuring)
1½ teaspoons baking powder
1 teaspoon soda
1 teaspoon salt
2 cups All-Bran
1 egg, well beaten
½ cup honey
1¾ cups sour milk or buttermilk
3 tablespoons melted shortening
½ cup chopped nuts (optional)

Sift flour, baking powder, soda and salt together. Stir in All-Bran. Mix egg, honey, sour milk and melted shortening together and then add gradually to the first mixture. Do not beat, but stir only enough to combine. If nuts are used, add to dry ingredients. Preheat Roaster-Oven to 400°, place muffin pan on rack and bake 25 to 30 minutes. Yields 16 to 18 muffins.
**Nut Bread**

- 2 eggs
- 1 cup sugar
- 1 cup milk
- 2 tablespoons melted shortening
- $\frac{1}{2}$ teaspoon salt
- 1 cup chopped nuts
- 3$\frac{1}{2}$ cups all-purpose flour, sifted before measuring
- 3$\frac{1}{2}$ teaspoons baking powder

Beat eggs and sugar until light. Combine milk and melted shortening. Add salt and nuts. Then mix well. Fold in the flour which has been sifted with baking powder. Pour into greased loaf pan or small heatproof dish and let stand 20 minutes. Preheat the Roaster-Oven to 350°; place loaf pan on rack and bake 1 hour.

---

**White Bread . . . Straight Dough Method**

- 2 cakes quick-acting yeast
- 2$\frac{1}{2}$ tablespoons sugar
- 4 cups liquid (water or $\frac{1}{2}$ water $\frac{1}{2}$ milk) lukewarm
- 1$\frac{1}{2}$ tablespoons salt
- About 12 cups all-purpose flour, sifted before measuring
- 1$\frac{1}{4}$ tablespoons shortening
- (If $\frac{1}{2}$ milk and $\frac{1}{2}$ water is used, scald milk then add water)

Mix yeast with sugar. Stir until liquefied. Add $\frac{1}{2}$ cup of the lukewarm water. Add to rest of lukewarm liquid. Add $\frac{3}{2}$ the flour and salt, then beat thoroughly. Add melted shortening and the rest of the flour gradually. Mix well and turn out on a floured board. Knead until the dough becomes elastic and will not stick to the board. Place in a greased bowl, grease top of dough, then cover. Allow to rise until double in bulk. About 2$\frac{1}{2}$ hours.

(If you wish the bread to rise more quickly, more yeast [up to 4 cakes] may be used. The yeast will not “taste” if the bread is not allowed to overrise). Punch down and turn dough over. Let stand 15 minutes. Form into loaves of a size to half fill well-greased bread pans. Allow to rise until double in bulk. This will bring the top of the dough even with the edges of the pan. Place in preheated 375° Roaster for 1 hour. Turn bread out on racks to cool. This recipe makes three 1$\frac{1}{2}$-pound loaves.

---

**CAKES**

**Angel Food Cake**

- 1 cup egg whites, unbeaten
- $\frac{1}{8}$ teaspoon salt
- 1 teaspoon cream of tartar
- 1$\frac{1}{4}$ cups sugar
- 1 teaspoon vanilla
- 1 cup cake flour, sifted before measuring

Add salt to egg whites, beat until foamy, add cream of tartar and continue beating until egg whites are stiff but not dry. Add $\frac{1}{2}$ of the sugar, sprinkling in 2 tablespoons at a time, using a folding motion. Add vanilla—add remaining sugar to the flour and sift together 4 times—fold sugar and flour mixture into the egg whites with careful strokes, 2 tablespoons at a time. Pour into an ungreased 9 x 3$\frac{1}{2}$-inch tube pan and bake in preheated 325° Roaster about 1 hour. Invert cake on a cake rack immediately but do not remove from pan until cold.

**Apricot Cherry Upside-Down Cake**

- Brown sugar
- 1 No. 2 can apricots
- Butter
- Maraschino cherries

Use a large heatproof dish or an 8 x 8-inch cake pan, well greased. Over this, press a $\frac{1}{4}$-inch layer of brown sugar. Dry apricots thoroughly. Press a maraschino cherry into each half and place cut side down on the brown sugar. (Do this before you have the cake batter ready.) Pour over this a batter made according to one half the Plain Layer Cake recipe on page 17. Bake at 375° from 30 to 40 minutes. Serve with whipped cream.
### Caramel Nut Fudge Cake

<table>
<thead>
<tr>
<th>3/4 cup cocoa</th>
<th>1/2 cup granulated sugar</th>
</tr>
</thead>
<tbody>
<tr>
<td>3/4 cup sifted brown sugar, firmly packed</td>
<td>1 cup granulated sugar</td>
</tr>
<tr>
<td>1 1/4 cups scalded milk</td>
<td>3 eggs</td>
</tr>
<tr>
<td>3/4 cup shortening</td>
<td>1 teaspoon baking powder</td>
</tr>
<tr>
<td>1 teaspoon salt</td>
<td>3/4 teaspoon soda</td>
</tr>
</tbody>
</table>

Mix and sift cocoa with brown sugar. Add scalded milk gradually and stir until smooth. Cool. Blend shortening, salt and vanilla. Add granulated sugar gradually and cream well. Add eggs one at a time, beating well after each addition. Sift baking powder and soda with flour. Add flour to creamed mixture alternately with cocoa mixture, mixing after each addition until smooth. Bake in a 9 x 12 x 2-inch, well-greased and floured pan, in preheated 350° Roaster for 55 minutes.

**Icing:**

- 1/2 cup granulated sugar
- 1 1/2 cups brown sugar, firmly packed
- 1/4 teaspoon salt
- 3/4 cup top milk
- 2 tablespoons butter
- 1 tablespoon cream
- 1/2 cup nuts, cut

Combine sugars, salt, milk and butter in a saucepan and bring to a boil, stirring constantly until sugar is dissolved. Cook slowly, keeping crystals washed down from sides of pan, until a small amount forms a soft ball in cold water (232°). Cool to lukewarm (110°). Beat until mixture thickens, add cream and beat until thick enough to spread. Add nuts. If icing hardens, add more cream. Double the recipe if sides of cake are to be iced.

### Gingerbread

<table>
<thead>
<tr>
<th>2 1/2 cups all-purpose flour</th>
<th>1/2 teaspoon cloves</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 1/2 teaspoons soda</td>
<td>1/2 cup shortening</td>
</tr>
<tr>
<td>1/2 teaspoon salt</td>
<td>1/2 cup sugar</td>
</tr>
<tr>
<td>1 teaspoon ginger</td>
<td>1 egg</td>
</tr>
<tr>
<td>1 teaspoon cinnamon</td>
<td>1 cup molasses</td>
</tr>
<tr>
<td>1 cup hot water</td>
<td></td>
</tr>
</tbody>
</table>

Sift flour once, measure; sift again with soda, salt, spices. Cream shortening and sugar together until light and fluffy. Add beaten egg and molasses. Add sifted dry ingredients and hot water, alternately. Beat until smooth. Pour into well-greased, floured 8 x 10 x 2-inch pan. Bake in preheated 375° Roaster 40 to 45 minutes.

### Layer Cake

<table>
<thead>
<tr>
<th>1 cup sugar</th>
<th>2 tablespoons baking powder</th>
</tr>
</thead>
<tbody>
<tr>
<td>1/2 cup butter or other shortening</td>
<td>3/4 teaspoon salt</td>
</tr>
<tr>
<td>2 eggs</td>
<td>1 teaspoon vanilla</td>
</tr>
<tr>
<td>1/2 cup milk</td>
<td></td>
</tr>
</tbody>
</table>

Cream sugar and butter together until light and fluffy. Add eggs one at a time and beat thoroughly. Sift dry ingredients and add alternately with the milk to creamed mixture. Add flavoring. Preheat Roaster to 375°, place cake in two round, well-greased and floured 8-inch layer cake pans and bake 20 to 25 minutes.

### Self-Iced Magic Cake

<table>
<thead>
<tr>
<th>2 squares unsweetened chocolate</th>
<th>2 teaspoons baking powder</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 1/3 cups condensed milk (1 can)</td>
<td>6 tablespoons butter</td>
</tr>
<tr>
<td>1 1/2 cups sifted cake flour</td>
<td>1 cup sugar</td>
</tr>
<tr>
<td>1/4 teaspoon salt</td>
<td>2 eggs, well beaten</td>
</tr>
<tr>
<td></td>
<td>1/2 teaspoon vanilla</td>
</tr>
<tr>
<td></td>
<td>1/2 cup milk</td>
</tr>
</tbody>
</table>

Melt chocolate, add condensed milk and mix well. Line one 9-inch square, or two 8-inch square, well-greased pans with waxed paper. Grease paper. Pour chocolate mixture into bottom of pan. Let cool. Meanwhile, cream butter, add sugar and cream together until light and fluffy. Add beaten eggs and vanilla, beat well. Add dry ingredients alternately with milk, beating after each addition until well blended. Pour cake batter over cooled chocolate mixture carefully. Bake in preheated 350° Roaster about 35 minutes.
Grandmother’s Fruit Bars

1/2 cup butter or shortening 1/4 teaspoon cloves
1 1/2 cups brown sugar 1/4 teaspoon nutmeg
2 eggs 1/2 teaspoon cinnamon
2 1/4 cups all-purpose flour 2 cups seeded raisins
1 teaspoon baking soda 1 cup chopped, pitted dates
1/2 teaspoon salt 1/2 cup chopped pecans

1/4 cup milk

Cream butter or shortening. Gradually add sugar and cream well. Add eggs, one at a time, and beat thoroughly after the addition of each egg. Sift flour, measure. Sift with soda, salt, cloves, nutmeg and cinnamon. Add to the first mixture with the raisins, dates and nuts. Then add 1/4 cup milk. Mix and spread evenly in two well-greased pans, 13 1/2 x 9 1/2 inches. Bake one pan at a time in preheated 400° Roaster for 20-25 minutes. When cool, cut into bars.

Oatmeal Cookies

1 teaspoon soda
1 cup shortening 4 tablespoons sour milk
1 cup sugar 1 cup raisins
2 eggs 2 cups sifted flour
1 teaspoon vanilla 2 1/2 cups rolled oats, quick type
1/2 teaspoon salt

Blend shortening and sugar together. Add eggs, beating in one at a time. Add vanilla and salt. Mix thoroughly. Dissolve soda in milk. Pour boiling water over raisins and let stand a few minutes. Drain well and add to egg mixture. Measure and sift flour twice. Add to egg mixture alternately with milk. Add rolled oats. Drop from teaspoon on greased cookie sheet, about 1 1/2 inches apart. Bake 12-15 minutes in preheated 375° Roaster.

Refrigerator Butterscotch Cookies

3 1/2 cups all-purpose flour, sifted
before measuring 1 cup shortening
1 teaspoon soda 2 cups brown sugar, firmly packed
1 teaspoon cream of tartar 3 eggs
1 teaspoon salt 1 teaspoon vanilla
1 cup nuts, chopped in small pieces

Sift the flour with soda, cream of tartar and salt. Cream shortening and sugar together in mixing bowl. Add whole eggs, one at a time, and beat well after the addition of each egg. Add dry ingredients to sugar and egg mixture, add vanilla. Add nuts last and mix only until nuts are mixed through batter. Shape dough into oblong rolls. Wrap in waxed paper and place in refrigerator until firm. Slice as needed and bake on greased 10 x 14-inch cookie sheet in preheated 400° Roaster 8 to 10 minutes. Remove cookies from cookie sheet while hot and place on wire cake racks to cool. Makes 5 dozen cookies.

Sour Cream Date Cookies

1/2 cup butter 1 teaspoon soda
1/2 cup shortening 1/2 teaspoon salt
2 cups brown sugar 2 teaspoons baking powder
2 eggs 1 cup chopped nuts
1 teaspoon vanilla 1 cup sour cream
4 1/2 cups sifted all-purpose flour Granulated Sugar and dates

Cream butter, shortening and sugar together and beat well. Add eggs and beat until light and fluffy. Add flavoring. Add flour sifted with soda, salt and baking powder, and nuts to first mixture, alternately with sour cream. Drop by teaspoonfuls on greased cookie sheet. Sprinkle top with granulated sugar and place a half date on top of each cookie. Bake in preheated 375° Roaster for 12-15 minutes.
**PAstry**

**Plain Pastry**

<table>
<thead>
<tr>
<th>1 1/2 cups all-purpose flour, sifted before measuring</th>
<th>1/2 teaspoon salt</th>
</tr>
</thead>
<tbody>
<tr>
<td>1/2 cup shortening</td>
<td>4 tablespoons cold water</td>
</tr>
</tbody>
</table>

Sift the flour with the salt. Cut in the shortening. Do not cut in finely. There should be pieces of fat as large as peas. Add the water all at once, then mix with a fork, cutting through the mixture with each stroke. When all gathers together so that bowl is left clean, dough may be chilled or rolled out at once. Roll out pastry, using plenty of flour on board and on rolling pin. This will make two 8-inch shells or one double crust 8-inch pie.

**NOTE:** For two 9-inch shells, use 2 cups flour, 3/4 teaspoon salt, 10 tablespoons shortening and 6 to 8 tablespoons water.

**Pie Shells**

Pie shells are subject to shrinkage. Avoid this by using method described below. Roll out pie pastry about 2 inches wider than the diameter of the pie pan.

Roll pastry on rolling pin, then roll off on pie pan. Fit pastry into pie pan, being careful not to stretch it. Trim edges so that about 1 inch of pastry overlaps the edge of the pan. Turn this overlapping edge under, then flute rim. Prick bottom and sides with fork.

Take a second pie pan, the same size as the first and place it carefully inside the pastry. Press gently so that the fluted edge of the pastry shows very slightly beyond the rim on the second pie pan. Preheat the Roaster to 450°. Bake 8 minutes—remove the inside pie pan and continue baking for 7 to 10 minutes.

**Apple Pie**

<table>
<thead>
<tr>
<th>3 1/2 cups fresh apples</th>
<th>1 tablespoon butter</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 cup sugar</td>
<td>Cinnamon or nutmeg</td>
</tr>
<tr>
<td>4 tablespoons all-purpose flour</td>
<td>Cream</td>
</tr>
</tbody>
</table>

Peel the apples, core, then cut in eighths. The pieces of apple should be at least 1/2 inch thick. Apples should not be sliced thin as this makes the pie very juicy. Combine sugar with flour. Spread 1/2 of this evenly over the bottom of a pastry lined pie pan. Add the apples, then pour remaining sugar over them. Add the butter in small bits; also a few dashes of cinnamon or nutmeg. Moisten edge of bottom crust with water, then place top crust over. Trim off top pastry 1 inch from edge of pan. Tuck top pastry under bottom pastry, press edges together, then flute. Brush the top of pie with cream—with the exception of the outside edge of crust. Bake at 425°, 40 to 55 minutes. Makes 8 or 9-inch pie, depending on thickness desired.

**Coconut Cream Pie**

<table>
<thead>
<tr>
<th>1/2 cup sugar</th>
<th>1 1/2 cups scalded milk</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 tablespoons all-purpose flour</td>
<td>3 egg yolks</td>
</tr>
<tr>
<td>1/4 teaspoon salt</td>
<td>1 teaspoon vanilla</td>
</tr>
<tr>
<td>1/4 cup cold milk</td>
<td>1 cup shredded coconut</td>
</tr>
</tbody>
</table>

Blend sugar, flour, and salt with 1/4 cup cold milk. Add to scalded milk, cook over "Low" heat stirring constantly until thickened. Stir slowly into beaten egg yolks and cook two minutes longer, stirring all the while. Remove from range, add vanilla and coconut. Cool, then pour into baked pie shell. Cover top with meringue and bake in preheated 350° Roaster for 15 to 18 minutes.

**Meringue**

| 3 egg whites | 6 tablespoons sugar |

Beat whites until stiff but not dry, add sugar gradually, then beat until the consistency of a creamy marshmallow filling, or until sugar is thoroughly dissolved. Pile on top of pie, then brown in 350° preheated Roaster, about 15 to 18 minutes.
PUDDINGS

Puddings may be baked simply by placing the pan on the rack and baking for the required time—or for a more moist pudding, they may be steamed by placing \( \frac{1}{2} \) inch of water in the inset pan. Regardless of method followed, always place pudding on rack.

The cooking time for puddings may vary somewhat from recipes below if cooked with Roaster-Oven meals, because the steam from the other foods may slow down the process.

**Apple Crisp Delight**

<table>
<thead>
<tr>
<th>6 to 8 apples, quartered</th>
<th>About ( \frac{1}{2} ) cup butter</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 cup sugar</td>
<td>1 teaspoon cinnamon</td>
</tr>
<tr>
<td>1 cup sugar</td>
<td>( \frac{3}{4} ) cup pastry flour</td>
</tr>
</tbody>
</table>

Place apples in well-greased, small heatproof dish. Work together sugar, flour, butter and cinnamon with a pastry blender, or fork, until crumbly; then pack closely over the apples. (If apples are very dry, 2 tablespoons water may be added.) Place in preheated Roaster 350° to 375° and bake 45 minutes to 1 hour. Serve warm with a little whipped cream or lemon sauce. Serves 6 to 8.

**Butterscotch Pudding**

<table>
<thead>
<tr>
<th>( \frac{1}{2} ) cup minute tapioca</th>
<th>( \frac{1}{2} ) cup brown sugar</th>
</tr>
</thead>
<tbody>
<tr>
<td>( \frac{1}{2} ) cup brown sugar</td>
<td>3 ( \frac{1}{2} ) teaspoon vanilla</td>
</tr>
<tr>
<td>3 cups hot water</td>
<td>( \frac{1}{2} ) cups dates, cut in pieces</td>
</tr>
<tr>
<td>4 tablespoons butter</td>
<td>( \frac{1}{2} ) cups broken nut meats</td>
</tr>
</tbody>
</table>

Combine tapioca, salt and hot water, then cook about 15 minutes or until tapioca is clear, stirring frequently. Melt butter in saucepan, add sugar, then stir until melted. Add to tapioca mixture, then add vanilla and dates; pour into greased, small heatproof dish. Preheat Roaster to 350°, place pudding on rack and bake 45 to 60 minutes. After removing pudding from Roaster, stir in the nuts. Serve in sherbet glasses topped with whipped cream.

**Chocolate Nut Pudding**

<table>
<thead>
<tr>
<th>2 tablespoons butter</th>
<th>1 cup all-purpose flour</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 cup sugar</td>
<td>4 teaspoons baking powder</td>
</tr>
<tr>
<td>1 egg, beaten</td>
<td>( \frac{1}{4} ) teaspoon salt</td>
</tr>
<tr>
<td>1 teaspoon vanilla</td>
<td>1 cup milk</td>
</tr>
<tr>
<td>( \frac{1}{4} ) cups dry bread crumbs</td>
<td>3 squares chocolate, melted</td>
</tr>
<tr>
<td>1 cup chopped Brazil nuts</td>
<td></td>
</tr>
</tbody>
</table>

Cream butter and sugar together and stir in beaten egg and vanilla. Mix bread crumbs, flour, baking powder and salt and add alternately with the milk to the first mixture. Blend in melted chocolate. Add Brazil nuts. Put in greased, small heatproof dish. Preheat Roaster to 375°. Place pudding on rack, bake 1 to 1 1/4 hours. Serves 5 to 6.

**Cherry Pudding**

<table>
<thead>
<tr>
<th>( \frac{3}{4} ) cup sifted cake flour</th>
<th>( \frac{1}{2} ) cup milk</th>
</tr>
</thead>
<tbody>
<tr>
<td>( \frac{1}{2} ) teaspoon salt</td>
<td>( \frac{1}{4} ) cup shortening, melted</td>
</tr>
<tr>
<td>3 teaspoons baking powder</td>
<td>1 teaspoon vanilla or almond extract</td>
</tr>
<tr>
<td>( \frac{1}{2} ) cup sugar</td>
<td>1 cup sour cherries, drained</td>
</tr>
<tr>
<td>2 eggs, separated</td>
<td></td>
</tr>
</tbody>
</table>

Sift flour, measure, add baking powder, salt, \( \frac{1}{2} \) cup sugar and sift together three times. Beat egg yolks and combine with milk, melted shortening and the extract. Add liquids to flour all at once and beat until smooth. Fold in cherries, then the stiffly beaten egg whites to which the remaining sugar was added. Pour batter over sauce.

**Sauce:**

<table>
<thead>
<tr>
<th>1 cup liquid from cherries</th>
<th>( \frac{1}{4} ) cup cold water</th>
</tr>
</thead>
<tbody>
<tr>
<td>( \frac{1}{2} ) tablespoons cornstarch</td>
<td>1 tablespoon shortening</td>
</tr>
<tr>
<td>( \frac{1}{4} ) cup sugar</td>
<td>( \frac{1}{8} ) teaspoon almond extract</td>
</tr>
<tr>
<td>1 cup cherries</td>
<td></td>
</tr>
</tbody>
</table>

Bring liquid from cherries to a boil. Combine cornstarch, sugar and cold water and add to the hot cherry juice. Stir constantly until sauce boils. Remove from heat and add shortening, extract and cherries. Cool. Pour into bottom of greased, small heatproof dish. Cover with pudding batter. Bake in preheated, 350° Roaster for 1 to 1 1/4 hours. Serve either hot or cold, top with whipped cream and garnish with individual cherries. If served cold, allow to cool before removing from dish.
QUANTITY COOKERY

This section provides a few recipes for quantity cooking which have been carefully tested by the Westinghouse Home Economics Institute. They are planned to serve fifty persons with suggested amounts for each portion; however, recipes which might serve adequate portions for fifty women may yield only thirty-five to forty portions of adequate servings for men.

Food to be held for some time will need to be more moist than foods to be served at once; so additional liquid may have to be added.

**American Chop Suey** (Number of Portions—50; Size of Portion—¾ cup)

- 6 pounds of ground beef
- ¾ cup lard or shortening
- 6 large onions, chopped
- 2 green peppers, chopped
- 4 tablespoons salt

5 cups rice
6 cups celery, chopped
10 cups canned tomatoes
2—4-ounce cans mushrooms
and juice (optional)

Preheat Roaster to 500°. Brown the beef in hot fat in enamel inset pan of Roaster with Roaster covered. Add remaining ingredients and cover. Set temperature at 400° and cook until all vegetables and rice are tender (about 45 minutes). Keep hot for serving at 150°.

**Baked Beans** (Number of Portions—50; Size of Portion—½ cup)

- 4 quarts beans, washed
- Water—about 7 quarts
- 1 pound salt pork
- 4 large onions

2 cups molasses
2 cups brown sugar
4 tablespoons salt
1½ tablespoons dry mustard

Pick over beans and wash thoroughly. Place in enamel inset pan of Roaster-Oven. Cover with cold water and soak overnight. Simmer in same water with control set at 300°, with Roaster covered until skins pierce easily. (Do not boil.) Remove part of the rind from salt pork if thick and wipe off with a damp cloth. Bury salt pork, scored down to rind but not through rind, and onions, peeled and scored on top, in beans. Mix together the molasses, brown sugar, salt and mustard and pour over beans. Stir lightly with a long-handled fork or spoon, until mixed well. Turn control to 250° and cook 4 to 5 hours until beans are done. Add additional water, if necessary. Keep hot for serving at 150°.

**Coffee** (Number of Portions—50)

1½ pounds drip grind coffee
10 quarts water

Heat water in enamel inset pan of Roaster with control set at 500° until boiling point is reached. Tie coffee loosely in cheese cloth and place in boiling water. Leave temperature control set at 500° and boil coffee until of desired strength. (Coffee may be placed in two cheese cloth bags if desired.)

**Sauerkraut with Pig Hocks or Knuckles** (Number of Portions—50; Size of Portion—½ cup Sauerkraut)

- 16 pounds pig hocks or knuckles
- 2 No. 10 cans Sauerkraut

Boil the pig hocks, seasoned with salt and pepper until nearly tender (about three hours) in enamel inset pan of Roaster with just enough water to cover. Roaster covered. Set temperature control at 400° until boiling. Reduce to 350° and cook until tender. Add Sauerkraut and cook about 1 hour. Spareribs may be used instead of pig hocks.

**Spaghetti and Meat** (Number of Portions—50; Size of Portion—¾ cup)

- 1 cup lard or shortening
- 4 pounds ground beef
- 8 medium-size onions, chopped
- 3 tablespoons salt

2 teaspoons pepper
8 cups or 2 pounds uncooked spaghetti, broken in 2-inch pieces
8 cups catsup
3 quarts tomato juice

Preheat Roaster-Oven to 500°, melt the lard or shortening in enamel inset pan. When fat is hot, add the meat and onions and brown until red color of meat is gone. Cover Roaster while meat is being browned. Add all remaining ingredients, stir slightly to mix well. Cover. Reset temperature control to 375° and cook for about 1½ hours or until spaghetti is done.
ACCESSORIES (optional)

Cabinet on Casters
Provides handy place for Roaster-Oven. Convenient storage shelves.

Pyrex Ovenware Dish Set
5-piece ovenware dish set fits Roaster-Oven for individual dishes or complete meal combinations.

HOW TO USE THE WESTINGHOUSE TIMER CLOCK

To connect...
plug cord into wall outlet. Plug Roaster or other appliance into receptacle on back of clock.

To set...
turn knob “A” clockwise until hands show correct time. Make sure time is right before using for automatic cooking.

To operate automatically...
Push knob “B” and turn clockwise until hand is at time you wish cooking to stop.
Push knob “C” and turn clockwise until hand is at time you wish cooking to start.
Set Roaster-Oven Control to temperature called for in recipe. After cooking is finished, turn Roaster-Oven Control to OFF... then push in knob “D.”

CAUTION: Be sure knob “D” is pushed in when you want to start and stop Roaster-Oven cooking manually. Otherwise, Roaster-Oven will turn on only at starting time indicated on Timer Clock.

INFRA-RED BROILER-GRID (optional accessory)

Your Broiler-Grid Accessory makes the Roaster-Oven a complete, all-around cooking appliance, giving you the added advantages of electric infra-red broiling, fast grilling and frying and quantity toasting.

The Broiler-Grid consists of an aluminum grill or “grid,” a reflector pan, which may also be used as a cookie sheet, and a heavy-duty heating element. Also included, adjustable broiler rack.

CAUTION: Always use the Broiler-Grid in the Roaster-Oven, never out of it. Use either the Broiler-Grid or the Roaster-Oven—NEVER CONNECT BOTH AT ONE TIME.

How to attach your Broiler-Grid
Place the wire LOAD AND LIFT RACK in the Roaster-Oven. Then, holding the Broiler-Grid in a slanting position, place the hinges at end of Grid on the bar as illustrated at left. Now lower the Grid by the handle and it will be firmly in place... ready for broiling just moments after you plug it in.
HOW TO BROIL WITH BROILER-GRID

1. Use reflector pan...
For broiling use the Broiler-Grid just as it is assembled when you receive it...that is, with the metal reflector in place underneath the heating coil.

2. Remove roaster cover...
Never use the cover of the Roaster-Oven when broiling or frying. After cooking process is complete, cover may be used to keep food warm.

3. Adjust broiler shelf...
Broiler Shelf (shipped with Grid) should be adjusted so food will be one to two inches from the heating coil. To do this, place end hooks of adjustable shelf over desired bar at each end of the LOAD AND LIFT Rack.

4. Attach broiler-grid...
Attach the cord supplied with the Roaster to the Broiler-Grid outlet first and then to any electrical wall outlet. The heating coil will heat instantly to the correct temperature. The broiler unit is not controlled by the Roaster-Oven heat control.

HOW TO GRILL OR FRY WITH BROILER-GRID

1. Remove reflector pan...
Press spring latch on the end nearest the handle to release the heating coil. Raise the heating coil slightly and remove the heat reflector plate, exposing the black, treated surface, which absorbs heat for faster, better frying. Replace heating coil in position, and you are ready to plug in your Broiler-Grid for frying. Note: Heat reflector pan is designed for use in your Roaster-Oven as a cookie sheet.

2. Use cup under drain...
For frying, place the Broiler-Grid on the lifting rack in the Roaster-Oven. Drippings will run through the small hole in the corner of the Grid. Any small container placed under this drain will save cleaning the inset pan.

3. Preheat for frying...
Preheat the Grid 5 to 7 minutes before starting to fry, except for bacon, which is fried from a cold start. The special heat-absorbing compound on the bottom of the Grid enables it to heat quickly and evenly over the entire surface.

Follow these easy directions for cleaning
Broiler-Grid should always be thoroughly cleaned as soon after using as it is cool. NEVER WASH THE HEATING COIL, as it is self-cleaning. Remove heating coil. If reflector pan is in place, remove it also. Wash cooking surface and reflector pan in warm, soapy water. Mild scouring powders or pads may be used. Dry and replace reflector pan and heating coil.
SPECIFICATIONS

Finish: Two coats of enamel, baked on.

Lid: 18-gauge polished aluminum. New Bakelite handle.

Heating Element: High grade, nickel-chromium resistance wire. 1320 watts. 110-120 volts. AC only.

Guarantee

This Westinghouse Roaster-Oven is guaranteed to the original purchaser to be free from defects in workmanship and material.

Westinghouse will repair or replace defective parts which may develop under normal and proper use during a period of one year from date of sale to the original purchaser, provided the appliance is used on the voltage circuits marked on the name plate, and that it has not been subject to misuse or abuse.

Repair or replacement of any such defective parts shall constitute complete fulfillment of all the obligations of Westinghouse with respect to the appliance.

Any such repairs or replacements will be handled by the dealer from whom this appliance was originally purchased, or, by an authorized service organization.
